Our vision for Modern Foreign Languages

<p>RESPONSIBILITY</p>	<p>We believe that learning a foreign language is a necessary part of being a member of a multi-cultural community and provides an opening to other cultures, learning to respect the differences and similarities in various cultures and celebrate the rich diversity of our global community.</p> <p>Our languages curriculum will foster children's curiosity and deepen their understanding of the world. The children will develop resilience to express their ideas and thoughts in another language and to understand and respond to its speakers, both in speech and in writing.</p>
<p>RESILIENCE</p>	<p>We also aim to provide opportunities for children to communicate for practical purposes, learn new ways of thinking and read literature in the original language. Our language teaching aims to provide the foundation for learning further languages, equipping children to respectfully study and work with a wider community of people from other countries, developing our learners into responsible global citizens equipped for the 21st century.</p>
<p>RESPECT</p>
